Dear Mike and Roberta,

Thank you for your letter requesting no zone change on the DWP property. Right now the property is going through the review process and it is at the very beginning stages. Tonight's meeting is to assure that the property receives a proper environmental review, not to re-zone the property.

I'm passing your comments on to the City Clerk so that your comments will become part of the public record.

Sincerely yours,
Ellery Deaton

To all members, Seal Beach City Council:

We do not approve of a zone change for the DWP property that would result in building more new houses and/or commercial properties that would have a negative impact on our life here in Seal Beach. We want to increase open space and work to preserve as much public land as possible in and on this property.

We cannot attend the City Council hearing on Monday, June 20, but please understand that we are affirming our positions as voting, tax-paying residents through this communication to you, our elected council members.
